Educational technology today is advantageous for teachers in so many ways. Traditional education is not so efficient anymore and teachers need to motivate their students more than ever when presenting any material in the classroom. Learning English in a classroom is much more effective when complemented with educational technology. #4 Create a unique experience as much for the teacher as the students. Educational technology allows students to be much better prepared for class, and provides teachers with attractive resources to make their classes much more human and sociable, where all students have the opportunity to participate regardless of their level. Technology today allows learners to study at their own pace. For instance, a large percentage of applications allow for customized instruction. Students learn according to their personal needs and abilities. Social Needs. The use of technology in the classroom eliminates the need for face to face time with teachers. The absence of a teacher, it is possible that students may take the lessons less seriously especially since there is no supervision. In the absence of a classroom where students can forge normal friendships and relationships with their mates, they may not pick up the same social cues as regular students.
