"im trying to grow potatoes in bag for the first time,should i use some type of food to help them grow." vicki on Saturday 27 April 2013. "Hi Vicki. You could certainly try growing them again to harvest and eat. The only problem is that potatoes left to re-grow like this may be more vulnerable to pest and disease buildup in the soil or compost. But if they are growing again you may as well let them grow on to see what you get.
