The Middle East is a transcontinental region which generally includes Western Asia (except for Transcaucasia), all of Egypt (mostly in North Africa) and Turkey (partly in Europe). The term has come into wider usage as a replacement of the term Near East (as opposed to the Far East) beginning in the early 20th century. The broader concept of the "Greater Middle East" (or Middle East and North Africa) also adds the Maghreb, Sudan, Djibouti, Somalia, Afghanistan, Pakistan, and sometimes even Transcaucasia.
