Learn about Indian business culture by reading about meeting etiquette, cultural taboos, transport and other issues such as gift giving. Getting to Indian business culture. The easiest and fastest way to reach India is by air. As, India is a big country, it has many prime airports which cover the whole country. Indians are quite tolerant and very proud of their culture and history. However, it is best not to discuss religion or political opinions with a stranger as these are the main topics that people have a strong feeling. Apart from these topics, they are open to help and discuss cultural and historical topics. No other period in the entire history of India ever witnessed such momentous developments, affecting so profoundly the life of its people as the half century that followed the end of British colonialism. Business was one realm that experienced a great deal of upheavals. This book provides a comprehensive analysis of the making of modern business and the modern business class, covering the period from 1947 to the present times. Linking socio-economic and political changes to shifts in the business climate and policies of the country, it provides the first in-depth narrative of business in post-Recent Trends in the Business History of India. Business History Review, Vol. 93, Issue. 1, p. 153. CrossRef. A Business History of India provides an invaluable analytical perspective that elucidates the structure of both Indian and multinational firms in the past and changing business environments. Highly readable would be a superb text in any course on Indian business/economy'. Douglas E. Haynes - Dartmouth College, New Hampshire. This fascinating book weaves the intricate details of Indian business history into the backdrop of changing policies, governments and international contexts. An unusual and exciting contribution to economic and business history.' Bishnupriya Gupta - Universit
